

PACE OF PLAY

For 'normal' golf, it is important to set targets for round times. It is understood that there is not a 'one size fits all' model, but it is important to set targets that are achievable.

Two-ball rounds should take no more than 3 hours 20 minutes. Three-balls should take no more than 3 hours 40 minutes. Four-balls should take no more than 4 hours.

We are all aware that progress is governed by the slowest 4-ball in front, but these times are achievable if you:

- Keep up with the group in front.
- If you lose a hole, call the group behind through.
- Be ready to play your shot when it's your turn.
- Leave the green promptly.

For your 'On Course' information, guidance notices will be placed on the 5th, 10th and 14th tees. Please do your utmost to achieve these times.
